By executing this Contract, the service provider certifies that it is registered with and uses the E-Verify system for all newly hired employees in accordance with section 448.095, F.S.. The service provider must obtain an affidavit from its subcontractors in accordance with paragraph (2)(b) of section 448.095 F.S. and maintain a copy of such affidavit for the duration of the Contract. In order to implement this provision, the service provider shall provide a copy of its DHS Memorandum of Understanding (MOU) or company profile page in the E-Verify system to the Department's Contract Manager within five (5) Business Days of Contract execution.

This section serves as notice to the service provider regarding the requirements of section 448.095, F.S., specifically sub-paragraph (2)(c)1, and the Department's obligation to terminate the Contract if it has a good faith belief that the service provider has knowingly violated section 448.09(1), F.S. If terminated for such reason, the service provider will not be eligible for award of a public contract for at least one year after the date of such termination. The Department will promptly notify the service provider and order the immediate termination of any contract between the service provider and a subcontractor performing work on its behalf should the Department develop a good faith belief that the subcontractor has knowingly violated section 448.095(1), F.S.

- 26.1. Any dispute concerning performance of the terms of this Contract shall be resolved informally by the Contract Managers. During the course of dispute discussion, all reasonable requests made by one Party to the other for non-privileged information reasonably related to the matters in dispute will be honored promptly.
- 26.2. If the Parties are unable to resolve any disputes at the Contract Manager level, any dispute concerning performance of the Contract shall be decided by the Department's Secretary or designee, who shall reduce the decision to writing and serve a copy on the service provider. The decision shall be final and conclusive unless within 21 calendar days from the date of receipt, the service provider files with the Department a petition for administrative hearing. The Department's decision on the petition shall be final, subject to the service provider's right to administrative review pursuant to Chapter 120, F.S. Exhaustion of administrative remedies is an absolute condition precedent to the service provider's ability to pursue any other form of dispute resolution; provided, however, that the Parties may employ the alternative procedures outlined in Chapter 120, F.S.
- 26.3. Without limiting the foregoing, either Party may seek judicial review; and the exclusive venue of any legal or equitable action that arises out of or relates to the Contract shall be the appropriate state court in Leon County, Florida; in any such action, the Parties waive any right to jury trial and the Contract, including its formation, performance, enforcement and termination, and all aspects of the Parties' relationship under the Contract, together with all related claims (whether sounding in contract, tort or otherwise), will be governed, construed and enforced in all respects in accordance with the Laws of the State of Florida excluding Florida's conflict of law principles.
- 26.4. Complaints against service provider by Members or by potential members shall be reported to and resolved by the Department's designee.

- 26.5. Service provider complaints by or against other service providers shall be reported to and be resolved by the Department or its designee. Upon receipt of such complaints, the Department shall conduct such investigation as it deems necessary and shall notify the Parties of its findings and proposed resolution.

27. ACCESS TO PUBLIC RECORDS

The Department may unilaterally terminate this Contract if the service provider refuses to comply with this Section 28 by not allowing public access to all public records, as defined in Chapter 119, F. S., made or received by the service provider in conjunction with the Contract.

28. CONTRACTOR AS AGENT

Solely for the purposes of this section, the Contract Manager is the agency's custodian of public records. If, under this Contract, the service provider is providing services and is acting on behalf of a public agency, as provided by section 119.0701, Florida Statutes, the service provider shall:

- 28.1. Keep and maintain public records required by the public agency to perform the service.
- 28.2. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, F.S., or as otherwise provided by law.
- 28.3. Ensure that public records that are exempt or confidential and exempt from public records disclosure are not disclosed except as authorized by law for the duration of the Contract term and following the completion of the Contract if the service provider does not transfer the records to the public agency.
- 28.4. Upon completion of the Contract, transfer, at no cost, to the public agency all public records in possession of the service provider or keep and maintain public records required by the public agency to perform the service. If the service provider transfers all public records to the public agency upon completion of the Contract, the service provider shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the service provider keeps and maintains public records upon completion of the Contract, the service provider shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.
- 28.5. **IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT THE TELEPHONE NUMBER, EMAIL ADDRESS AND MAILING ADDRESS PROVIDED FOR THE CONTRACT MANAGER.**

29. IDENTIFICATION AND PROTECTION OF CONFIDENTIAL INFORMATION.

Article 1, section 24, Florida Constitution, guarantees every person access to all public records, and section 119.011, F.S., provides a broad definition of “public record.” As such, records submitted to the Department (or any other State agency) are public records and are subject to disclosure unless exempt from disclosure by law. If the Service Provider considers any portion of records it provides to the Department (or any other State agency) to be trade secret or otherwise confidential or exempt from disclosure under Florida or federal law (“Confidential Information”), the Service Provider shall mark the document as “confidential” and simultaneously provide the Department (or other State agency) with a separate, redacted copy of the record. For each portion redacted, the Service Provider should briefly describe in writing the grounds for claiming exemption, including the specific statutory citation for such exemption. The Service Provider shall only redact portions of records that it claims are Confidential Information.

In the event of a request for public records pursuant to Chapter 119, F.S., the Florida Constitution, or other authority, to which records that are marked as “confidential” are responsive, the Department will provide the Service Provider-redacted copy to the requestor. If a requestor asserts a right to the redacted Confidential Information, the Department will notify the Service Provider such an assertion has been made. It is the Service Provider’s responsibility to take the appropriate legal action to assert that the information in question is exempt from disclosure under Chapter 119, F.S., or other applicable law.

If the Department becomes subject to a demand for discovery or disclosure of documents that are marked as “confidential” in a legal proceeding, the Department will give the Service Provider notice of the demand or request. The Service Provider shall take the appropriate legal action in response to the demand and to defend its claims of confidentiality. If the Service Provider fails to take appropriate and timely action to protect the records it has designated as Confidential Information, the Department will provide the unredacted records to the requester.

The Service Provider shall protect, defend, and indemnify the Department for all claims, costs, fines, and attorneys’ fees arising from or relating to the Service Provider’s determination that the redacted portions of its records are Confidential Information. If the Service Provider fails to submit a redacted copy in accordance with this section, of information it claims is Confidential Information, the Department is authorized to produce the entire record submitted to the Department in response to a public records request for, or demand for discovery or disclosure of, these records.

30. COOPERATION WITH THE INSPECTOR GENERAL

The service provider (and, as applicable, Subcontractor) shall work with any representative selected by the Department to conduct said audits and inspections, including but not limited to, other state agencies, but excluding any competitor of the service provider.
- 32.2. **Retention of Records:** The service provider shall maintain certain records related to its performance of the Contract until the expiration of five (5) years after final payment of all amounts due under this Contract and all pending matters hereunder are closed (collectively, the "Audit Period"). The service provider shall maintain at least until the end of the Audit Period all pertinent financial and accounting records (including time sheets and payroll records, cost records and any other information pertaining to this Contract and to the services, equipment, and commodities provided under this Contract) pertaining to the Contract in accordance with generally accepted accounting principles and other Contract-related procedures specified herein. Financial and accounting records shall be made available, upon request, to the State upon reasonable notice during the Audit Period. If an audit, litigation, or other action involving the service provider's records is initiated before the end of the Audit Period, the records must be retained until all issues arising out of the audit, litigation, or other action are resolved or until the end of the Audit Period, whichever is later. Notwithstanding the foregoing, the service provider shall comply with the record access provisions of Chapter 119, F.S., and the record keeping standards of the Rules of the Department of State, Division of Library and Information Services, according to F.A.C., Code Chapter 1 B-24.

The service provider confirms that release statements from its Subcontractors, partners or agents are not required for the Department or its designee to conduct compliance and performance audits on any of the service provider's contracts relating to this Contract.

32.4. The following records are specifically excluded from inspection, copying, and audit rights under the Contract:

- A. Records of the service provider (and Subcontractors) that are unrelated to the Contract, and
- B. - C. The service provider's, or any Subcontractor of the service provider's, internal cost and resource utilization data, or data related to employees, or records related to other customers of the service provider, or any Subcontractor of the service provider who is not performing services under this Contract.

32.5. The right of the Department to perform audits and inspections shall continue for as long as the service provider is required to maintain records. The Department will use reasonable efforts to minimize the number and duration of such audits or inspections conducted and to conduct such audits and inspections in a manner that will minimize the disruption to the service provider's business operations.

32.6. Upon reasonable notice by the Department and for good cause stated, service provider shall permit an audit by the Department of its financial condition.

The department or state board may require other evidence of termination as it deems necessary.

2. For retirements effective on or after July 1, 2010, if a member is employed by any such employer within the next 6 calendar months, termination shall be deemed not to have occurred. During the first six calendar months following a SUSORP Member's Distribution date, a Member cannot provide services (through paid or unpaid arrangements) in any capacity to any FRS-participating employer. Providing services to an FRS-participating employer in any capacity during this six-calendar month period will nullify the SUSORP Member's eligibility and the Member and the FRS-participating employer receiving the services will be held jointly and severally liable for the repayment of all Benefits. This means that the Member and the FRS-participating employer can be held fully responsible for the repayment of the total amount of retirement Benefits. There are no exceptions to the six-calendar month Termination requirement.

Additionally, during the 7th through 12th calendar months following a SUSORP Member's Distribution date, a Member may provide services to an FRS-participating employer if, and only if, the SUSORP Member suspends all Benefits during the period of providing services. If the SUSORP Member's Benefits are not suspended, the Member and the hiring FRS-participating employer will be held jointly and severally liable to repay all SUSORP Benefits received since becoming reemployed. 4.1.1 **"On or before March 1, 1984 –** 121.35(3)(a), F.S., "Any eligible employee who is employed on or before March 1, 1984, may elect to participate in the optional retirement program in lieu of participation in the Florida Retirement System. Such election shall be made in writing and filed with the division and the personnel officer of the employer on or before June 1, 1984. Upon such election, participation in the optional program will take effect July 1, 1984, and election to so participate will terminate the membership of the employee in the Florida Retirement System. Any eligible employee who is employed on or before March 1, 1984, and who fails to make an election to participate in the optional program by June 1, 1984, shall be deemed to have elected to retain membership in the Florida Retirement System."

Such election shall be made in writing and filed with the personnel officer of the employer. The eligible employees described in this subparagraph shall be enrolled in the Florida Retirement System at the commencement of employment, with the exception of those employees who file an election with the personnel officer of the employer prior to the submission of the initial payroll for the employee. the month for which a full month's employer contribution may be made, or until July 1, 1984, whichever is later. Any eligible employee who does not within 90 days after commencement of such employment elect to participate in the optional program shall be deemed to have elected to retain membership in the Florida Retirement System."

Such election shall be made in writing and filed with the personnel officer of the employer. Any eligible employee who fails to make such election within the prescribed time period shall be deemed to have elected to participate in the optional retirement program.

1. Any employee whose optional retirement program eligibility results from initial employment shall be enrolled in the program at the commencement of employment. If, within 90 days after commencement of employment, the employee elects membership in the Florida Retirement System, such membership shall be effective retroactive to the date of commencement of employment.

2. Any employee whose optional retirement program eligibility results from a change in status due to the subsequent designation of the employee's position as one of those specified in paragraph (2)(a) or due to the employee's appointment, promotion, transfer, or reclassification to a position specified in paragraph (2)(a) shall be enrolled in the optional retirement program upon such change in status and shall be notified by the employer of such action. If, within 90 days after the date of such notification, the employee elects to retain membership in the Florida Retirement System, such continuation of membership shall be retroactive to the date of the change in status.

This provision shall also apply to any employee who terminates employment in an eligible position before executing the required Annuity Contract and notifying the department. Such membership shall be retroactive to the date of eligibility, and all appropriate contributions shall be transferred to the Florida Retirement System Trust Fund and the Health Insurance Subsidy Trust Fund."

- 4.2 **Vesting.** As provided in 123.35(d), F.S., "Participants shall be fully and immediately vested in the optional retirement program only upon execution of a contract."
- 4.3 **Irrevocability.** As provided in 121.35(e), F.S., "the election by an eligible employee to participate in the optional retirement program shall be irrevocable for so long as the employee continues to meet the eligibility requirements specified in subsection (2), except as provided in paragraph (h) or paragraph (i). In the event that an employee participates in the optional retirement program for 90 days or more and is subsequently employed in an administrative or professional position

which has been determined by the department, under subparagraph (2)(a)2., to be not otherwise eligible for participation in the optional retirement program, the employee shall continue participation in the optional program so long as the employee meets the other eligibility requirements for the program, except as provided in paragraph (h) or paragraph (i)."

- 4.4 Previous Florida Retirement System Membership.** As provided in 121.35(g), F.S., "an eligible employee who is a member of the Florida Retirement System at the time of election to participate in the optional retirement program shall retain all retirement service credit earned under the Florida Retirement System at the rate earned. Additional service credit in the Florida Retirement System may not be earned while the employee participates in the optional program, and the employee is not eligible for disability retirement under the Florida Retirement System. An eligible employee may transfer from the Florida Retirement System to his or her accounts under the State University System Optional Retirement Program a sum representing the present value of the employee's accumulated benefit obligation under the pension plan for any service credit accrued from the employee's first eligible transfer date to the optional retirement program through the actual date of such transfer, if such service credit was earned from July 1, 1984, through December 31, 1992. The present value of the employee's accumulated benefit obligation shall be calculated as described in s. 121.4501(3). Upon transfer, all service credit earned under the pension plan during this period is nullified for purposes of entitlement to a future benefit under the pension plan."
- 4.5 Transfer to the Florida Retirement System.** As provided in 121.35(i), F.S., "effective January 1, 2008, through December 31, 2008, except for an employee who is a mandatory participant of the State University System Optional Retirement Program, an employee who has elected to participate in the State University System Optional Retirement Program shall have one opportunity, at the employee's discretion, to transfer from this program to the Florida Retirement System Pension Plan or to the investment plan, subject to the terms of the applicable contracts of the State University System Optional Retirement Program.
1. If the employee chooses to move to the investment plan, any contributions, interest, and earnings creditable to the employee under the State University System Optional Retirement Program must be retained by the employee in the State University System Optional Retirement Program, and the applicable provisions of s. 121.4501(4) shall govern the election.
 2. If the employee chooses to move to the pension plan of the Florida Retirement System, the employee shall receive service credit equal to his or her years of service under the State University System Optional Retirement Program.
 - a. The cost for such credit must be in an amount representing the actuarial accrued liability for the affected period of service. The cost must be calculated using the discount rate and other relevant actuarial assumptions that were used to value the Florida Retirement System Pension Plan liabilities in the most recent actuarial valuation. The calculation must include any service already maintained under the pension plan in addition to the years under the State University System Optional Retirement Program. The actuarial accrued liability of any service already maintained under the pension plan must be applied as a credit to total cost resulting from the calculation. The

division must ensure that the transfer sum is prepared using a formula and methodology certified by an enrolled actuary.

- b. The employee must transfer from his or her State University System Optional Retirement Program account, and from other employee moneys as necessary, a sum representing the actuarial accrued liability immediately following the time of such movement, determined assuming that attained service equals the sum of service in the pension plan and service in the State University System Optional Retirement Program."

4.6 **Dual Employment.** To the extent provided in 121.35(h), F.S., "a participant in the optional retirement program may not participate in more than one state-administered retirement system, plan, or class simultaneously. Except as provided in s. 121.052(6)(d), a participant who is or becomes dually employed in two or more positions covered by the Florida Retirement System, one of which is eligible for the optional program and one of which is not, may remain a member of the optional program and contributions shall be paid as required only on the salary earned in the position eligible for the optional program during the period of dual employment; or, within 90 days after becoming dually employed, he or she may elect membership in the Regular Class of the Florida Retirement System in lieu of the optional program and contributions shall be paid as required on the total salary received for all employment. At retirement, the average final compensation used to calculate any benefits for which the member becomes eligible under the Florida Retirement System must be based on all salary reported for both positions during such period of dual employment. If the member ceases to be dually employed, he or she may, within 90 days, elect to remain in the Florida Retirement System class for which he or she is eligible or to again become a participant in the optional retirement program. Failure to elect membership in the optional program within 90 days shall result in compulsory membership in the Florida Retirement System, except that a member filling a faculty position at a college that has a faculty practice plan at the University of Florida, at the Medical Center at the University of South Florida, or other state university shall again participate in the optional retirement program as required in s. 121.051(1)(a)."

4.7 **Ineligible for Participation.** As provided in 121.35(f), F.S., "If an employee becomes ineligible to continue participation in the optional retirement program under subsection (2), the employee shall thereafter participate in the Florida Retirement System if he or she is otherwise eligible."
